John Hunt Publishing, United Kingdom, 2018. Paperback. Condition: New. Language: English. Brand new Book. Divination is only a small part of a witch's stock in trade, and although a basic introduction to the subject can be learned from books, proficiency will only come through vigorous practice. This proficiency comes through the discovery of certain secret matters by a great variety of means, correspondences, signs and occult techniques. Before a witch can perform any of these operations with any degree of success, we need to develop the `art of seeing' and the ability to divine with rod, fingers and birds. Divination is what could be referred to as the practical element of Craft magic, and we don't even have to be witches to be able to read the portents. But it helps! A companion volume to Pagan Portals: By Spellbook & Candle and Pagan Portals: By Wolfsbane & Mandrake Root, from popular Moon Books author Melusine Draco.
