History of the inter-war period emerges as an academic discipline and almost becomes an interdisciplinary domain similar to global studies. Students of history delve deep into the trajectories of historical development taking place after the First World War. This book has been a noble attempt to discuss all such important international happenings in a limited framework following the onset of the First World War until the closure of the second one. It is in the form of a textbook and every effort has been made to maintain the standard. The language followed is precise and self-convincing.
