Taylor & Francis Ltd, United Kingdom, 2017. Paperback. Condition: New. 2nd New edition. Language: English. Brand new Book. The SEND Code of Practice (2015) reinforced the requirement that all teachers must meet the needs of all learners. This topical book provides practical, tried and tested strategies and resources that will support teachers in making RE lessons accessible and interesting for all pupils, including those with special needs. The author draws on a wealth of experience to share his understanding of special educational needs and disabilities and show how the RE teacher can reduce or remove any barriers to learning. Offering strategies that are specific to the context of RE teaching, this book will enable teachers to: create a supportive environment which maximises learning opportunities; plan the classroom layout and display to enhance learning; help students of all levels to gain confidence in their reading and writing ability; stimulate discussion and develop thinking skills through using stimuli such as religious art, music, artefacts and films; successfully train and fully use the support of their teaching assistants. An invaluable tool for continuing professional development, this text will be essential for teachers (and their teaching assistants) seeking guidance specific to teaching RE to all pupils, regardless of their individual needs. This book will also be of interest to SENCOs, senior management teams and ITT providers. In addition to free online resources, a range of appendices provide RE teachers with a variety of writing frames and activity sheets to support effective teaching. This is an essential tool for RE teachers and teaching assistants, and will help to deliver successful, inclusive lessons for all pupils.
