Machine Learning in Java: Helpful techniques to design, build, and deploy powerful machine learning applications in Java, 2nd Edition (Paperback)

By Ashish Singh Bhatia, Bostjan Kaluza

Packt Publishing Limited, United Kingdom, 2018. Paperback. Condition: New. 2nd Revised edition. Language: English. Brand new Book. Leverage the power of Java and its associated machine learning libraries to build powerful predictive models. Key Features: Solve predictive modeling problems using the most popular machine learning Java libraries. Explore data processing, machine learning, and NLP concepts using JavaML, WEKA, MALLET libraries. Practical examples, tips, and tricks to help you understand applied machine learning in Java. Book Description: As the amount of data in the world continues to grow at an almost incomprehensible rate, being able to understand and process data is becoming a key differentiator for competitive organizations. Machine learning applications are everywhere, from self-driving cars, spam detection, document search, and trading strategies, to speech recognition. This makes machine learning well-suited to the present-day era of big data and Data Science. The main challenge is how to transform data into actionable knowledge. Machine Learning in Java will provide you with the techniques and tools you need. You will start by learning how to apply machine learning methods to a variety of common tasks including classification, prediction, forecasting, market basket analysis, and clustering. The code in this book works for JDK 8 and above, the code is tested...
