GOD'S GOOD EARTH (HARDBACK)

CASCADE BOOKS, United States, 2019. Hardback. Condition: New. Language: English. Brand new Book. God's world was created "very good," Genesis chapter 1 tells us, and in this book Jon Garvey rediscovers the truth, known to the Church for its first 1,500 years but largely forgotten now, that the fall of mankind did not lessen that goodness. The natural creation does not require any apologies or excuses, but rather celebration and praise. The author's re-examination of the scriptural evidence, the writings of two millennia of Christian theologians, and the physical evidence of the world itself lead to the conclusion that we, both as Christians and as modern Westerners, have badly misunderstood our world. Restoring a truer vision of the goodness of the present creation can transform our own lives, sharpen the ministry of the church to the world of both people and nature, and give us a better understanding of what God always intended to bring about through Christ in the age to come. "A beautifully written book that can be read for pure enjoyment and enlightenment, and/or used as a scholarly resource on the essential problem of evil in God's creation. The optimistic theme is a rare commodity in the modern marketplace of ideas. The chapters on science are a powerful antidote to the prevailing popular view of evolution as a violent deadly struggle. A book full of new ideas, fresh approaches, and profound insights." --Seymour Garte, and Editor-in-Chief, God and Nature Magazine "A book that will bring us back to celebrating the joys and goodness of creation rather than mourning its destruction and fallen state. This demands positive action from us." --Ghilleen T. Prance, Scientific Director of The Eden Project "Jon Garvey has written a challenging but necessary work on the goodness of creation. From opposite ends of the...
